

Results of the Social Committee Questionnaire - January 2024

We received 19 responses from the village, thank you to those that contributed. After discussions at the Social Committee we came to the following decisions

The Summer Event will be a BBQ , this was the most popular request and is marginally more economical than hog roast. Our Sunday lunch at the Golf Club remains popular and will continue. There was an even split between requests for a quiz night at the golf club or in the church with light refreshments and so both options will be considered by the committee. All offers to run a quiz would be gratefully received, the committee is happy to do the organising.

Organised walks of about 3 – 5 miles, with a pub lunch and the possibility of a treasure hunt on foot will be actively considered by the committee but unfortunately the showing of films in the church does not have enough support to make it economically viable.

There was some support for workshops in the church with a wide variety of subjects suggested. Also a number of excellent ideas for events that could be held in the church including talks on subjects of interest, recitals, storytelling, musical events. Please let the committee know if you have contacts or can recommend individuals to give talks, etc. If you would like to host an event please contact the committee for details on the costs of hiring the space, any limitations and what support the social committee can provide at bauntonsocialspace@gmail.com
